Business performance review

- In 2025 VIK bought 49% of EPSO-G Invest (EUR 36.3m), which owns 48% of Rheinmetall Defence Lietuva; plant construction started on 2025-11-04[13].
- In 2026 a memorandum was signed with Rheinmetall Landsysteme and KNDS Deutschland on a ~EUR 50m maintenance centre in the Kaunas FEZ[6].
- In February 2026 the shareholder decided to transfer VIK's shares to the state-controlled ILTE (Government approval needed)[14,6].

Financials

- Total assets EUR 169.4m, equity EUR 118.9m; 1H profit EUR 7.1m, mainly from an EUR 8.0m fair value gain[3].
- **FY2025 profit EUR 3.8m (2024:** 8.1m); bonds outstanding at 2026-06-30 about EUR 50.6m (calculated by the tool)[11,15,12].

Past plans vs outcomes

Plan / target	Outcome	What changed and why	Status
Recover the full EUR 200m Business Support Fund investment by mid-2028	EUR 120.5m (60%) returned[8,16]	On track[16].	**In progress**
Invest up to EUR 71.05m in the Rheinmetall Defence Lietuva project	EUR 36m invested in 2025; construction under way[5]	In progress; also financed by the EUR 25m defence bond[17].	**In progress**

Investor information & conclusions

- **Instruments held:** a 2.826% bond maturing 2027-06-30 (Nasdaq Vilnius since 2022-07-04) and a 3.119% defence bond, EUR 25m, issued 2025-09-24, maturing 2029-09-24, with proceeds fully allocated to the Rheinmetall project[18,17].
- **Credit risk close to the sovereign:** the bonds are backed by a state guarantee, so the Fitch A+ rating is linked to Lithuania's rating[19].
- **Conclusion:** low risk thanks to state ownership and guarantee, falling debt and returning fund money.

ESG report

Exclusionary screening (companies)

☑ Yes, the company is not involved in excluded sectors: controversial and nuclear weapons, tobacco, gambling and restricted sectors in fossil fuel

- No controversial or nuclear weapons.
- VIK invests in conventional defence industry (the Rheinmetall ammunition plant in Lithuania)[9]
- The SEB Arms and Defence policy only restricts controversial weapons, nuclear weapons outside NATO, civilian semi-automatic arms and unlicensed trade[20].

☑ Yes, the company does not have red flag/signal related to controversies based on UN Global Compact, OECD Guidelines for Multinational Enterprises or any other relevant principles/standards
- No UN Global Compact or OECD related controversies found.

☑ Yes, the company is not in the list of sanctions (add a screenshot)
- Not found on the EU, UN, UK, US OFAC consolidated sanctions lists (automatic check 2026-10-22).

☑ Yes, issues were not identified from adverse media checks (add a screenshot)
- No adverse news found (2026-10-22).

In case any red flags, risks, unclarities were identified then additional checks (sanctions screening and adverse media checks) on the company's Ultimate Beneficial Owners and/or senior management shall be performed.

Additional comments:

ESG integration and positive screening (positive answers imply higher allocation)

☐ Yes, the company is promoting environmental or social characteristics (activities, ESG policy, good ESG rating, etc)
- VIK states that sustainability is not a primary objective
- The priority is defence and security[21].

☐ Yes, the activities of the company or it's strategy is aligned with the taxonomy and/or Paris agreement targets (e.g. net zero commitment)
- No climate or taxonomy targets
- Green procurement through CPO LT[22].

☑ Yes, the company does not have yellow flag/signal related to controversies based on UN Global Compact or any other relevant principles/standards
- No yellow flags found.
- The Nasdaq Vilnius corporate governance code is applied[23].

☑ Yes, the company fulfills the expectations from SEB thematic and sector policies

Applicable
- The Investments policy[24] and the Arms and Defence policy[20].

Met
- Investments in licensed defence production in a NATO country, with no controversial or nuclear weapons[9]
- Corporate governance code[23].

Could be improved
- No public ESG policy found.

Additional comments:

Engagement

☐ Is there a need for pro-active engagement with the company?
- No need: a state company with a clear defence mandate.

Additional comments:

Indicators

☑ Yes, the indicators of the company support the targets of sustainability and PAI indicators followed by the Fund
- VIK has no premises or property, so its direct environmental impact is small[22].
- The key PAI indicator for the fund is weapons exposure: conventional weapons only[25].

Additional comments:

Conclusion: No exclusions or red flags. Invests in conventional defence industry (allowed under SEB policy); sustainability is not a priority.

SEB policies applied: Policy on Sustainability Considerations in Investments (SEB AB); Arms and Defence sector policy; Environmental Policy on Climate, Nature and Water (thematic); Social and Human Rights Policy (thematic); Governance expectations in sector policies (anti-corruption, tax, reporting)
